## PROFESSIONAL SUMMARY

---

Entry-level Web Developer specializing in MERN stack development with hands-on experience building responsive, full-stack web applications. Strong in REST APIs, authentication, real-time systems, and modern UI design. Actively seeking opportunities to contribute to production-level web systems.

## TECHNICAL SKILLS

---

**Frontend:** React.js, JavaScript, Tailwind CSS

**Backend:** Node.js, Express.js, REST APIs, PHP, JWT Authentication

**Databases:** MongoDB, SQL

**Cloud & Deployment:** Vercel, Render

**Version Control:** Git, GitHub

**Tools:** Postman, VS Code

## PROJECTS

---

### EchoLocal – Anonymous Location-Based Chat Application

Dec 2025 – Present

*MERN Stack, Socket.IO*

*Patna, India*

- Developed a real-time anonymous chat platform using temporary usernames and session-based access.
- Implemented location-based chatroom discovery within a 5 km radius with auto-expiring rooms and messages.
- Built a scalable backend using Node.js, Express, MongoDB, JWT, and Socket.IO for secure communication.
- Live Demo

### KamiNoto – Note Taking Web Application

Jul 2025 – Aug 2025

*MERN Stack*

*Patna, India*

- Built a secure note management system with authentication and persistent storage.
- Implemented note creation, editing, deletion, pinning, and color tagging features.
- Designed a responsive UI with scalable backend architecture.
- Live Demo

### Zenkia – Social Media Web Application

Apr 2025

*PHP, HTML, CSS*

*Patna, India*

- Developed a lightweight social media platform inspired by X (Twitter).
- Implemented authentication, post creation, likes, comments, and follow system.
- Added notifications, timestamps, media previews, and responsive design.
- Source Code

## EDUCATION

---

### LNMI, Patna

Patna, India

*Bachelor of Computer Applications (BCA)*

*Aug 2023 – Present (Expected 2026)*

## ACTIVITIES & HACKATHONS

---

**HackIT Hackathon – Amity University:** Developed a mentorship website prototype with account creation, messaging, and video meeting features using MERN stack.

**TechPillia 8.0 Hackathon – Amity University:** Built a social media platform prototype (Zenkia) as a solo developer.
